

Help Us Create a Modernized Benson Polytechnic High School

Seeking Community Engagement

Following passage of the 2017 bond, PPS is moving forward with planning and design for the modernization of Benson Polytechnic High School. The master plan includes major renovation of the historically significant buildings and new additions for the school's campus. PPS is seeking public input on the redesign of Benson Polytechnic High School and is looking for volunteers to join the Benson Polytechnic Design Advisory Group (DAG).

Join the Benson Polytechnic Design Advisory Group (DAG)

The Benson Polytechnic Design Advisory Group will include parents, teachers, students, alumni, partners and community representatives who will be involved in developing the design of the modernized Benson Polytechnic High School. The group will include members representing students, teachers, alumni, industry professionals, parents, school programs, potential site and/or capital partners, school administration and a school board representative. The group will meet on Thursday evenings, approximately six times, during the 2018/2019 school year.

The Design Advisory Group Mission

The goal of the DAG is to develop a comprehensive, equitable, integrated and visionary high school campus design with authentic school community engagement. Members will be expected to serve for about a year throughout the planning and schematic design phases.

Benson Polytechnic Project Details

Construction is slated to begin in 2021. Students will remain on campus while construction takes place over three consecutive construction phases, which are one year each in duration.

Get Involved and Stay Informed

To join the Benson Polytechnic Design Advisory Group, use the online application here: BensonBond.pps.net. If you are unable to join the DAG, you will still have an opportunity to participate at a Benson Polytechnic Public Design Workshop or attend an Open House in 2019. For more information and the latest updates visit the project website: BensonBond.pps.net. Join the Benson Polytechnic project mailing list at BHSMod@pps.net.
