Important Forecasting Information for 2021-22 Courses

Families and Students,

The forecasting process for choosing courses to be taken during the 2021-22 school year is coming in February. In order for students to make informed choices regarding their options, we are holding an ELECTIVE FAIR on WEDNESDAY, JANUARY 20th from 12:35-1:35.

Please check out the flier attached below for a list of elective options. The flier includes a course description, videos from the teachers, and links to the live Q&A sessions being held on Jan 20th. Please take advantage of this opportunity to explore your elective options for next year.

A Message from Benson's Instructional Specialists

Hello Benson Tech Students, Parents, and Families, Starting on February 15th, 2021, Benson Tech students will have the opportunity to retrieve credits they are missing in order to fulfill all State, District and Board of Education requirements for graduation. If your student is credit deficient, our Counselors will be reaching out to students, parents and families to discuss this amazing opportunity. This in-house credit retrieval program at Benson Tech will be led by our Instructional Facilitator, Daniel Garcia. Teachers, Mentors, and Counselors will be involved throughout this process in order to guide our students towards successful completion of credits/standards needed. Please contact Daniel Garcia with any additional questions.

Go Tech!

Textbook Distribution

Please note the Librarian Assistant Irma Johnson will be able to pass out Textbooks on Wednesday January 27th in the Horseshoe Parking Lot area from 12:30pm to 3:00pm. Students can also use this time to return textbooks back to the school as well. The Horseshoe Parking Lot area is located off of 15th street in the back of the school. Once you pull into the one-way lot you will see a door that will be open to the DMP room where you can walk up and be handed your textbooks. Please be sure that you have your masks on and remain outside in the horseshoe lot area during the transaction.

A Message from Rene Mitchell Regarding Opportunities for Black Youth

As you may have heard, I Am MORE has started a campaign designed to spread Black JOY - <http://www.SpreadingBlackJoy.com!!> We have SEVERAL youth-focused contests and would love your help spreading the word to any Black youth you know.

If you know of poets, we are extending the deadline for our poetry contest to **Jan.**

25. Please see attached poster. One of the poets will also get a chance to deliver their poem at the annual All Hands Raised Gala in February and earn \$250.

We are also challenging youth to create a short TikTok or YouTube video to a song on the website about creating space for Black Joy - <https://www.spreadingblackjoy.com/youthcreativity>

Our Resiliency in Rhythm youth showcase - as part of the annual Fertile Ground festival - will be featured on **Jan. 30, 7 p.m.** Our show is featuring three of the Black youth who have been organizing Black Lives Matter protests, a poet, a rapper, and other talented youth. Streaming will be on FB and YouTube. Learn more at <http://fertilegroundpdx.org/>

We are also organizing more Talk Back/Talk Black online conversations with youth, in partnership with Multnomah County and Children's Community Clinic. We will be training youth to be paid to facilitate the conversations with various groups, including rural youth, foster care, biracial, African immigrants, etc.

We are also starting a new youth-voice project called "**See Me. I Am. HEAR.**" This is a youth storytelling empowerment project that is a mix between TEDTalk and Oprah's Master Class. We will be training youth on how to write the WHY of their personal stories, connecting them with a professional speaking coach, videotaping parts of their life story, and teaching them how to create a money-making branding opportunity with their message, while creating space on community television for Black youth to change the narrative of what our young people's possibilities can be in the world - and the wisdom they already have to inspire and empower others. We are excited about this and hope you have Black youth who see this as a moment to shine.

We also are helping Black students interested in attending an HBCU with an opportunity to get access to scholarships, through a friend of mine at Salesforce who helped start HBCUforce, a nonprofit organization that partners with Historically Black Colleges and Universities to implement programs for Black students to pursue cloud computing careers. *Let me know if any of your students are interested in learning more.*

Lastly, we are partnering with Bodecker Foundation to encourage youth to sign up for FREE online workshops for Portland-area high school students. Led by professional artists, writers, musicians, designers and educators, the multidisciplinary creative workshops meet via Zoom on weekdays from 4-5:30 pm. Workshops include a mix of online group activities and offline individual and/or collaborative project work. **Winter Term begins February 1, 2021.** Online registration is now open. Class size is generally limited to 12 students. So, MAKE SURE you tell your youth to mention I Am MORE on the registration form so they get priority signup on the classes. Register at <http://www.bodeckerfound.org/workshop>

For more information on accessing any of our programs, please reach out at IAmMOREresilient@gmail.com. We are also open to having more community-based partnerships listed on the opening page of our Spreading Black Joy website.

Love to hear from you! Thank you for your support!

Keep raising hope,
Ms. Renee Mitchell

BHS Parent Support Group

Parents and Guardians: Are you interested in talking with other parents and guardians in the Benson community? We are interested in starting a Parent Support Group, a confidential area where parents can gather. Take our quick survey so we can see what interest is out there. We've already heard from some parents that they need something like this. Are you interested? Let us know.

A Message from the BHS Attendance Office

We encourage students to attend on a regular basis. Studies show that missing more than one day per month can actually lead to poorer grades and contributes to dropping out of school.

Naturally, we understand that there are occasions that a student must miss a school day. When this happens it is important for you to contact the school to let us know the reason for the absence. Please remember to communicate directly with the attendance office if your student will be absent for any period of time during the school day. The best ways to let us know are, in order of school preference:

Send an email to the attendance office at benson-attendance@pps.net

Call the attendance line directly at 503-916-5109

Call the school main office number at 503-916-5100 - Select option 3

Send a note via your student excusing the absence

Always remember, we need the STUDENT NAME, ID# (if known) and REASON FOR THE ABSENCE. (Saying it is an excused absence does not give us the reason, please be specific) The Attendance Office will check messages and emails at 7:30am and throughout the school day.. The attendance phone line is continuously busy throughout the school day. An email provides a written message directly to the attendance office. The attendance office can excuse previous absences up to three days after the absence occurs. After the three days, corrections cannot be made.

You can monitor your child's attendance through ParentVUE. Contact the school if you do not know how to access ParentVUE.

Please continue on the next page.....

A Message from the BHS Attendance Office

If you do not communicate with the school, we cannot properly record your child's absence. If you have any questions regarding your child's attendance do not hesitate to email or call the attendance office. Please help us, help your student have a successful year here at Benson Tech.

With the advent of distance learning, there are some questions that have arisen. I am finding that the majority of questions regarding attendance are addressing asynchronous classes. The following is an explanation of how this and other attendance calls could be avoided.

Asynchronous days are not live sessions with the instructor. There are various ways your student can contact the teacher for attendance purposes.

They log on and just check in with the teacher.

They contact the teacher by emailing if they have any questions or need assistance with the assignment.

They complete the posted assignment and turn it in. The assignment cannot be turned in late to count toward attendance. While they may receive credit for turning it in late they would still be counted as absent if they don't contact the teacher in another way.

Their parent may email the attendance email at benson-attendance@pps.net to leave a valid reason for the absence (illness, appointment, etc.)

If you get a call saying your student has missed a period, I would correspond with the classroom teacher directly. I will always need authorization from the classroom teacher to correct an absence. By contacting the teacher directly, they can send me an email for a quick correction. This is also important because the State of Oregon mandates that I may not make corrections to attendance more than three school days prior to the current school date.

School/Attendance Secretary
